

Village of Glendale Heights Press Release

For Immediate Release

June 23, 2009

Chemical Reaction Closes Glendale Heights Public Pool

On Tuesday, June 23, 2009 at 3:50 PM the Glendale Heights Police Department as well as Glenside, Bloomingdale, Carol Stream, Wheaton, and Roselle Fire Departments responded to the Glendale Heights public pool, 250 E Fullerton for an incident involving a chlorine chemical reaction within the equipment room at the pool. The reaction resulted in the precautionary evacuation of the pool facility. Several Village of Glendale Heights employees that were in the immediate vicinity of the chemical were transported to area hospitals for precautionary measures. No members of the public were exposed to the chemicals in question.

At this time the exact cause of the reaction is under investigation.
