Re: W. Fullerton Avenue Roadway Rehabilitation Project
IDOT Section Number: 21-00073-00-RS

Dear Village of Glendale Heights Resident or Property Owner,

The Village of Glendale Heights is proposing to improve Fullerton Avenue from N. Schmale Road to Bloomingdale Road. The intent of this project is to rehabilitate the deteriorated existing roadway and implement new pedestrian safety measures. This project will consist of asphalt surface rehabilitation, construction of high visibility crosswalks, curb modifications at the intersection of Fullerton Avenue at Van Meter Street, ADA ramp and sidewalk improvements, and pavement striping.

You are receiving this letter because Phase I Engineering has made substantial progress and the Village of Glendale Heights is moving to provide the public an opportunity to review project information and provide input. Any interested person who desires to submit comments for this project may be submitted to:

James Patton, Assistant Village Engineer
1615 Glen Ellyn Road, Glendale Heights, IL 60139,
james_patton@glendaleheights.org
Tel.:(630) 260-6040

To be included in the public record for this project, comments must be received by June 15, 2022. All comments and questions received will be tabulated and addressed following the closure of the comment period.

Project information such as the project location map, preliminary design plans, ADA sidewalk ramp details, and project summary will be made available to the public through the Village of Glendale Heights' webpage at <https://www.glendaleheights.org/> under the "Latest News" section. If additional information is desired, contact the Village of Glendale Heights representative:

Brian Libunao, Project Engineer
Christopher B. Burke Engineering, Ltd.
9575 W. Higgins Road, Suite 600
Rosemont, IL 60018
Tel: (847)-823-0500

The Village will be utilizing federal funding to aid with construction costs for the project. Following the closure of the public comment period, the project team will work on addressing all comments received and complete Phase I Engineering and Phase II Engineering with the Illinois Department of Transportation's concurrence. The Village is targeting construction for this project to occur in 2024/2025.

Thank you for your cooperation.

Sincerely,

Rachael Kaplan
Director of Public Works
