Discussion Regarding - Community Garden

A brief update was given by Director Knautz regarding a recent meeting with School District 16 to discuss a possible intergovernmental collaboration between the District and the Village. This will put on hold the Community Garden for 2018 but we will be looking for implementation in 2019. The Village will be working with the SD16 over the next few months to try and get things put in place.

Discussion Regarding - Disc Golf

A brief update was given on disc golf. The preliminary numbers have been added to the 2018-2019 FY budget with hopes that the Village Board will approve this new park amenity. Bobby Till and Parks will be working together to finalize a course set-up for Camera Park so that once the budget is in place, the course can be put into the park.

Discussion Regarding - Park Signs

An example of the proposed new Park Signs were distributed to the Committee. Discussion took place with Trustee Maritato asking to see a sample sign as well as a cost comparison to wood. Staff said they would look into getting that information for the Committee.

A question was asked if we had considered an outdoor soccer tournament to try and tap into the World Cup that would be taking place this year. Director Knautz said he would take it back to staff for discussion.
